Minutes

- Will list Marcia Weeks as a school rep going forward in the attendance
- John makes motion to approve amended minutes → Seconded by Carrie
- David Kane and Niko Dietsch welcomed to team → Each member gives work related experience in the energy sector
- Sam steps down as Chair → John volunteers to be Chair but with caveat that there is a Vice Chair → Sam happily takes Vice Chair role → John makes motion for the change, Richard seconds
- Update members on town solar project → David Kane confirms Cape is part of Cluster 15 → Committees overall is not happy with the progress and new proposed terms
- John and Sam give new members some insight on where the committee lacks clarity on how involved do we get as well as going over what the chain of communication looks like → And what it could look like
- Richard gives background, status and concerns on the EV charging stations project as it is today
- Marcia gives update on the new school building project
- John mentions that given the building architects are familiar with LEED standards and is confident they would be looking at energy as a part of the build

- Marcia goes on to explain she is looking to get an independent cost estimator to get a stronger grasp on the money impact as well as steps forward in the process

Public Comment

- No public present.
