Approval of Minutes

Motion to approve the minutes by Sam, with unanimous agreement.

Key Discussion Points

- Sarah Mills-Knapp, GPCOG gave an update on the climate action plan
- The conversation around the grant projects – the committee feels strongly that a staff person will be needed to implement the findings and recommendations of the climate action plan when completed. Additionally, using the grant to fund municipal “green” projects would be wise. Such as LED lights, electric boilers, and other things as they come up

- Richard gave an update on the school building project, which was a lot of things being discussed, but it is still early. A second solar field could come into play

Next Meeting Schedule:

Scheduled for March 21, 7:00 PM at the Jordan Conference Room, Town Hall

Meeting Concluded

The session concluded at 9:17 PM.

Submitted Respectfully,
David Bagdasarian, Facilities Director
