District Planning Committee

January 10, 2022

6:30 pm

Chris Record, Superintendent

Purpose of the District Planning Committee

- Committee of stakeholders to review and discuss Covid-19 information in order to provide the School Board and School Administration recommendations on how to operate the district for the 21-22 school year

Process

- The District Planning Committee will provide recommendations to the School Board for consideration of any changes to our Covid-19 mitigation plan.

Norms for our meeting

- Be respectful
- Share the air
- Aim for consensus
- Aim to conclude by 8:30pm

Underlying Goal: Have all Cape Elizabeth students and staff safely in school full-time for the 21-22 school year.

Background: The District Planning Committee (DPC), comprised of 30+ stakeholders, was created to review and discuss Covid-19 information in order to provide the School Board and School Administration recommendations on mitigation measures to be used in our schools during the 2021-22 school year. The DPC met on 8/4/21 and 8/12/21 to review recommendations from the CDC, the ME CDC, Dr. Shah, our school physician (Dr. Sonti), and our three school nurses. The underlying goal of the DPC and the School Board (based upon the Fall 2021 Return to School Plan) is to have all Cape Elizabeth students and staff safely in school for in-person learning full-time for the 2021-22 school year. The DPC again met on 10/5/21 to review the efficacy of the mitigation plan. The DPC recommended changes to the field trip aspect of the plan and left all other aspects as is. The DPC also met in November & December to review mitigation strategies.

Review of the Updates to the MDOE SOP

• ([MDOE Covid-19 Standard Operating Procedures](#))

○ Contact tracing no longer required on buses or for outdoor settings

○ Shift from 10 days to 5 days for return from + test or close contact (not meeting exemptions)

■ We have adopted the new CDC 5-day quarantine protocol for individuals who have tested positive and are asymptomatic or symptoms are improving (without fever for 24 hours).

• Additionally, any close contacts who are not otherwise exempt due to COVID vaccination status and/or pooled testing can now follow the 5-day rule (was 10 days).

■

Review of Mitigation Strategies Recommended by the DPC & Adopted by the School Committee on 8/16/21 & Supported Again on 10/5/21 by the DPC & the School Board on 10/12/21

District Planning Committee

6:30 pm

1. **Universal masking** for everyone in a school facility or transport no matter vaccination status.
 - a. Exception: Staff working alone in their classroom or workstation
 - b. Exception: Students eating at least three feet apart facing the same direction
 - c. Exception: Staff eating at least six feet apart
 - Highly Encourage use of surgical masks, KN95
 - Extensive scientific research and data on the effectiveness of mask wearing as a mitigation strategy against COVID-19.
 - A new graphic that helps to distinguish best practices for mask wearing is available, [here](#).
2. **Pooled testing** offered to all students and staff on a voluntary basis
 - Now 1430 participants
 -
3. As much **social distancing as tenable** on school transportation, in classrooms, and in the cafeteria that allows for full-time access to learning. 3 feet distance or more will be used wherever possible.
 -
4. **Daily symptom checklist** conducted by parents/guardians and for parents/guardians to report absences related to these symptoms per building protocol.
 - Need to make an adjustment
 - Need to emphasize this, when sick stay home
5. Continue same **hand sanitization practices** as utilized during the 2020-21 school year.
 -
6. Continue the same **disinfectant strategies** as utilized in the spring of 2020-21 (staff wipe down surfaces at least once per day on top of nightly disinfection).

7. Allow for only **outdoor field trips**.

- **Recommended Change: Allow for indoor field trips that meet the following conditions (supported by the School Board on 10/12/21):**

- Only for grades with the vast majority of students are 12+ in age
 - Once students under 12 have had access to a Covid-19 vaccine and have had enough time for the immune response, indoor field trips will be available for K-12 students
- Approved by principal and school nurse
 - Consideration of current Covid-19 data
 - Consideration of ventilation at the venue
 - Host compliance with mitigation measures
- Venue is closed to the public
- No crossover with other schools
- Utilizing cohorts that are already in place
- Universal masking for students, staff, and hosts while inside the venue
- Utilization of sanitization when entering and exiting the venue
- Follow school protocols for students and staff eating
- Follow transportation protocols (universal masking, sanitizing, assigned seats, & ventilation)

8. Limit **non-essential visitors/volunteers** inside the school building.

-

Other Mitigation Strategies Needed?

- Student Booster Clinic?
-
-
-

Winter Activities

- Winter sports, upcoming plays and concerts, and other similar events
 - Universal masking for everyone in the building
 - Social distance as much as possible

- Any changes warranted?
- Update by A.D. Jeff Thoreck

●

Update on 1 Year Nurse Position & Admin Assistant Position

●

Other Changes Recommended by the DPC to be Considered by the School Board

●

Future Discussions for DPC

- Discuss a potential “Off Ramp” to alter some mitigation measures if “X/Y/Z” parameters are met
- Discuss options if we need to tighten some mitigation measures and/or introduce new ones if positives cases significantly rise

Next Meeting 2/1/22 6:30pm
