District Planning Committee

April 4, 2022

6:00 pm

Purpose of the District Planning Committee

- Committee of stakeholders to review and discuss Covid-19 information in order to provide the School Board and School Administration recommendations on how to operate the district for the 21-22 school year

Process

- The District Planning Committee will provide recommendations to the School Board for consideration of any changes to our Covid-19 mitigation plan.

Norms for our meeting

- Be respectful
- Share the air
- Aim for consensus
- Aim to conclude by 8:30pm

Underlying Goal: Have all Cape Elizabeth students and staff safely in school full-time for the 21-22 school year.

Background: The District Planning Committee (DPC), comprised of 30+ stakeholders, was created to review and discuss Covid-19 information in order to provide the School Board and School Administration recommendations on mitigation measures to be used in our schools during the 2021-22 school year. The DPC met on 8/4/21 and 8/12/21 to review recommendations from the CDC, the ME CDC, Dr. Shah, our school physician (Dr. Sonti), and our three school nurses. The underlying goal of the DPC and the School Board (based upon the Fall 2021 Return to School Plan) is to have all Cape Elizabeth students and staff safely in school for in-person learning full-time for the 2021-22 school year. The DPC again met on 10/5/21 to review the efficacy of the mitigation plan. The DPC recommended changes to the field trip aspect of the plan and left all other aspects as is. The DPC also met in November, December, January, February, and March to review mitigation strategies.
