3. The Pledge of Allegiance to the Flag

4. Citizen Opportunity for Discussion of Items Not on the Agenda

Limited to 15 minutes; 3 minutes per person. Time may be extended by majority vote of the councilors present. When recognized by the chairman, the speaker shall give his or her name and address or local affiliation, if the affiliation is pertinent.

5. Item #126-2021 Public Hearing and Consideration of a Remote Participation Policy

Opportunity for Public Comment. 3 minutes per person. Time may be extended by majority vote of the councilors present. When recognized by the chairman, the speaker shall give his or her name and address or local affiliation, if the affiliation is pertinent.

The town council will consider adopting a Remote Participation Policy to allow a hybrid-approach to regular and special meetings of the town council, planning board and zoning board **when the technology is available to do so**. The hybrid approach would allow these board members, when allowed by law, to participate remotely. In addition the public would have the opportunity to participate remotely at each regular or special meeting.

The town council must adopt a policy in order to consider the following item relating to declaring a limited emergency to require remote public meetings.

The town council will discuss, at this meeting or a future meeting, if a hybrid-approach would be available for workshops. The availability of meeting rooms and technology will be considered.

In the next item, the town council will consider declaring a limited emergency requiring the town council, and all boards and committees to meet remotely starting immediately. Remote meetings will remain in force until the emergency is amended or rescinded.

Notice of meetings will be provided in accordance with 1 M.R.S. 406 and any applicable charter, ordinance, policy or bylaw.

The limited emergency is in response to a recent increase in the COVID-19 infection rate, the spread of the Delta variant and an effort to limit indoor gatherings particularly as it is difficult to social distance in most meeting locations. The town will continue to monitor the infection rate and spread of disease in an effort to resume in-person meetings when it is safe to do so.

Draft Motion

ORDERED, the Cape Elizabeth Town Council adopts a Remote Participation Policy effective immediately which allows, when technology is available, for hybrid special and regular meetings of the town council, planning board and zoning board. In addition the public will have the opportunity to participate remotely at such meetings.

REMOTE PARTICIPATION POLICY

Town of Cape Elizabeth

Pursuant to 1 M.R.S. § 403-B and after public notice and a hearing held on August 30, 2021, the Cape Elizabeth Town Council adopts the following policy effective immediately to govern the participation, via remote methods, of members of the Town Council, Planning Board and Board of Zoning Appeals and the public in the public proceedings or meetings of the body.

When technology is available hybrid meetings will become available.

Members of the body are expected to be physically present for meetings except when not practicable, such as in the case of an emergency or urgent issue that requires the body to meet via remote methods, or an illness or temporary absence of a member that causes significant difficulty traveling to the meeting location. The chair, in consultation with the town manager, or if applicable the board staff member or other members if appropriate and possible, will make a determination that remote methods of participation are necessary in as timely a manner as possible under the circumstances. A member who is unable to attend a meeting in person will notify the chair, and/or town manager or if applicable the board staff member as far in advance as possible.

Remote methods of participation may include telephonic or video technology allowing simultaneous reception of information and may include other means necessary to accommodate disabled persons. Remote participation will not be by text-only means such as e-mail, text messages, or chat functions.

The public will be provided a meaningful opportunity to attend via remote methods when any member of the body participates via remote methods. If public input is allowed or required at the meeting, an effective means of communication between the body and the public will also be provided. The public will also be provided an opportunity to attend the meeting in person unless there is an emergency or urgent issue that requires the entire body to meet using remote methods. Notice of all meetings will be provided in accordance with 1 M.R.S. § 406 and any applicable charter, ordinance, policy, or bylaw. When the public may attend via remote methods, notice will include the means by which the public may access the meeting remotely and will provide a method for disabled persons to request necessary accommodation to access the meeting. Notice will also identify a location where the public may attend the meeting in person. The body will not restrict public attendance to remote methods except in the case of an emergency or urgent issue that requires the body to meet using remote methods of attendance.

The body will make all documents and materials to be considered by the body available, electronically or otherwise, to the public who attend remotely to the same extent customarily available to the public who attend in person, provided no additional costs are incurred by the body.

All votes taken during a meeting using remote methods will be by roll call vote that can be seen and heard if using video technology, or heard if using audio technology only, by other members of the body and the public. A member of the body who participates remotely will be considered present for purposes of a quorum and voting.

This policy will remain in force indefinitely unless amended or rescinded.

This policy will be reviewed annually at the Town Council's organization meeting in December.
